20th CPCE – Good luck!

20th – CPSO Social
Old Chicago
7:00 PM

24th – CPSO Meeting
Room 620 JRP
7:00 PM

DSM MOVIE REVIEW

By: Thomas Motl

Patient: French Kiss (1995)
Background: Rated R

Diagnosis: Aviophobia;
300.29 Specific Phobia,
Situational Type

GAF: 80

Comment: Kevin Kline has
accent issues, but Meg
Ryan is as cute as a button.
Overall, not terribly
contrived - for a romantic
comedy.

Prognosis: See (with
moderate expectations)

The Counseling Psychology Student Organization (CPSO) is composed of M.S. and Ph.D. students in the Counseling Psychology program at the University of Kansas. The primary mission of CPSO is to provide support to all students in the Counseling Psychology program in all respects. This mission is carried out through a variety of means including: bi-weekly meetings, academic development seminars, research opportunities and assistance, service opportunities, our Peer Mentoring Program, a monthly newsletter, and social events. In addition, CPSO provides a communication channel between the students and faculty. A Doctoral and Master's Representative attend the faculty meetings where they can express the needs and concerns of the students and then share information obtained at these meetings with the students.

Get Involved!

Interested in joining CPSO or Student Affiliates of Seventeen (SAS)
Network of Division 17 of APA?

Contact Rhea for an application.

* \$25 to join CPSO

* \$17 to join SAS

Joke of the Month

Selected by: Rhea Owens

Aligned with this month's poll...A cop pulls over a carload of travelers...

Cop: This is a 65 MPH highway—why are you going so slow?

Traveler: Sir, I saw a lot of signs that said 22, not 65.

Cop: Oh, that's not the speed limit, that's the name of the highway you're on!

Traveler: Oh! Silly me! Thanks for letting me know. I'll be more careful.

*At this point the cop looks in the backseat where the other travelers are
shaking and trembling.*

Cop: Excuse me, what's wrong with your friends back there? They're shaking horribly.

Traveler: Oh, we just got off of highway 119.

Vacation Poll – just to get you in the mood for Spring Break!

By: Abbey & Jillian

Out of the 27 Counseling Psych students & faculty who responded to the online poll, we found:

- * 41% prefer to go to the beach/ocean on vacation rather than to see family/friends, go skiing, or gambling!
- * 52% say they would rather travel around North America than any other continent!
- * We have lots of travelers amongst the program: 74% of CPSY students and faculty respondents have crossed the Golden Gate Bridge; 70% have seen Mickey Mouse at Disney World or Land; 67% have seen the president's White House; 63% have traveled to the Statue of Liberty and Times Square; 60% have experienced Las Vegas; and 56% have trekked to Yellowstone!!!
- * Our students and faculty have enjoyed vacations to almost everywhere: From Vietnam, to the Bahamas, to Israel, to Table Rock Lake!
- * 9 respondents all-time favorite vacation has been to somewhere in Europe; 3 people's favorite vacation was to Florida, 2 to Vegas, 2 to Hawaii, and lots more elsewhere!

*** Harriet Lerner Guest Lecture ***

Over 25 people across disciplines attended!
